

MINOR IN ECONOMICS

Economics Minor – 22 units

Economics is highly complementary with a number of other disciplines and some students may choose to minor in economics while pursuing a major in another field. Students often decide to minor in economics after having already taken several economics courses and realizing that a few more courses will satisfy the minor requirements.

- Minors must earn a minimum grade of C- in each core course (CR/NC grading is not permitted for core courses).
- A minimum of 6 upper-division units are required to complete the minor.
- All coursework used to satisfy the requirements of the minor must be completed with a minimum grade point average of 2.0.

Required Courses (13 units)

Code	Title	Units
ECON 101	Introduction to Microeconomic Analysis	3
ECON 102	Introduction to Macroeconomic Analysis (formerly ECON 100)	3
MATH 226	Calculus I	4
ECON 301 or ECON 302	Intermediate Microeconomic Theory Intermediate Macroeconomic Theory	3

Electives (9 units)

Three courses selected from upper-division elective economics courses. ECON 301 or ECON 302 may be used as an elective if not used as a required course. ECON 312 and ECON courses 400 and above are considered to be upper-division electives.
