

SPEECH, LANGUAGE, AND HEARING SCIENCES - SF SCHOLARS ROADMAP

The San Francisco State Scholars program provides undergraduate students with an accelerated pathway to a graduate degree. Students in this program pursue a bachelor's and master's degree simultaneously. This program allows students to earn graduate credit while in their junior and/or senior year, reducing the number of semesters required for completion of a master's degree.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

¹ ENG 114 can only be taken if you complete Directed Self-Placement (DSP) and select ENG 114; if you choose ENG 104/ENG 105 through DSP you will satisfy A2 upon successful completion of ENG 105 in the second semester; multilingual students may be advised into alternative English courses.

² To avoid taking additional units, it is recommended that you meet the **SF State Studies** (AERM, GP, ES, SJ) requirements within your GE or major.

³ The D1 course should be in one of the following categories: psychology, sociology, anthropology, or public health.

⁴ To determine the best B4 course option, students should complete the online advising activity at mathadvising.sfsu.edu (<https://mathadvising.sfsu.edu/>). Questions? Contact Gator Smart Start. (<https://gatorsmartstart.sfsu.edu/>)

⁵ Consider taking a class combined with a laboratory or a separate lab to fulfill B3 if not already satisfied.

⁶ The B1 course should be one of the following:

CHEM 101 Survey of Chemistry (3 units) (B1)

CHEM 180 Chemistry for Energy and the Environment (3 units) (B1, B3, ES)

PHYS 101 Conceptual Physics (3 units) (B1)

PHYS 111 General Physics I (3 units) (B1)

PHYS 220 General Physics with Calculus I (3 units) (B1)

⁷ A capstone ePortfolio assignment is required in the fall semester of the senior year, as part of the course requirements for SLHS 656GW.

⁸ Students should only take SPED 746 if an undergraduate course in Augmentative and Alternative Communication was completed before entering the program.

± Given catalog rights, fall 2023 transfer students do not need to complete an Area F course.
