¹ ENG 114 can only be taken if you complete Directed Self-Placement (DSP) and select ENG 114; if you choose ENG 104/ ENG 105 through DSP you will satisfy GE Area A2 upon successful completion of ENG 105 in the second semester; multilingual students may be advised into alternative English courses.

² To determine the best B4 course option, students should complete the online advising activity at mathadvising.sfsu.edu (<https://mathadvising.sfsu.edu/>). Questions? Contact Gator Smart Start. (<https://gatorsmartstart.sfsu.edu/>)

³ **Quantitative Reasoning Requirement (3-4 units)**

Select One:

- ETHS 116 Algebra and Statistics for Social Justice (4 units) (B4, SJ)
- ETHS 117 Statistics for Social Justice (3 units) (B4, SJ)
- ISED 160 Data Analysis in Education (3 units) (B4)
- MATH 124 Elementary Statistics (3 units) (B4)
- PSY 171 Quantitative Reasoning in Psychology (3 units) (B4)

⁴ To avoid taking additional units, it is recommended that you meet the **SF State Studies** (AERM, GP, ES, SJ) requirements within your GE or major.

⁵ **Activity Requirement (1 Unit)**

With prior approval of advisor, select one activity course (KIN prefix) representing a fitness-related activity or movement form that complements and enhances the student's personal fitness and movement profile.

⁶ **Electives (12 Units)**

Students must take 12 units of electives. Groupings of electives in three focus areas are provided below, but other groups are possible and students should meet with an advisor to select electives that align with their career path. The movement science area focuses on the factors that influence the neuromotor control, learning, relearning, and development of motor skills and analysis. The social science area focuses on the socio-cultural and psychological factors that serve to constrain and define human movement, fitness, and physical activity. The exercise science area focuses on the physiology of exercise, fitness and health, exercise prescription, and fitness programming in healthy adults, youth, elderly, and clinical populations.

Movement Science Focus Area

- KIN 325 Computer Applications in Kinesiology (3 units)
- KIN 437 Physical Dimensions of Aging (3 units)
- KIN 487 Motor Development (3 units) (UD-B)
- KIN 538 Therapeutic Exercise (3 units)
